SALE.

FOR

The Kapiolani Tract extends from King street to the Beach. A road 60 feet wide will be opened on the east side of the property adjoining the Kamehameha Girls' School; said road will extend to the sea.

Cross-roads will be opened between blocks. Every lot will have a frontage on a road. The elevation varies from forty feet high to ten feet high above sea level.

No swamps around the premises. No freshet will enter the property.

There is an offer to buy a part of the property by a great manufacturing company. The chances are the offer may be accepted. There is every reason to believe that the prices of lots will increase in a short time. The owner of the property will give all chances to purchasers to make money on their investments.

The ground is superior to any tract in the market.

The premises are situated within one mile and a half of the Post Office.

The Government water pipes are laid along the upper portion of the property.

The prices are the cheapest of any tract within two miles from the center of the city.

The terms which will be given to purchasers will be the best ever given by any real estate dealer or broker during the last twenty years in Honolulu.

For terms or more particulars, apply to

S. M. Kanakanui,

Surveyor and Manager of Kapiolani Tract Co.

Or to
